1. The applicant is hereby notified that the international application has been accorded the international application number and the international filing date indicated above.
2. The applicant is further notified that the record copy of the international application:

- ☐ was transmitted to the International Bureau on _____
- ☐ has not yet been transmitted to the International Bureau for the reason indicated below and a copy of this notification has been sent to the International Bureau*:
- ☐ because the necessary national security clearance has not yet been obtained.

* Where an international application with a priority claim of one or more earlier applications filed in KIPO designates KR, the earlier applications for which priority is claimed shall be deemed withdrawn at the expiration of 15 months from the filing date of the earlier applications. It is strongly recommended either to withdraw the designation of KR within the 15 months or to enter the Korean national phase by furnishing necessary translation for the international application within 20 or 30 months, depending on the case, from the date on which priority is claimed. However where the conditional provision of Article 56(Korean Patent Law) is applicable to the earlier application, priority claim on the application is not acknowledged nor effectuated.

* The International Bureau monitors the transmittal of the record copy by the receiving Office and will notify the applicant (with Form PCT/IB/301) of its receipt. Should the record copy not have been received by the expiration of 14 months from the priority date, the International Bureau will notify the applicant (Rule 22.1(c)).
